TWO SOLDIERS GET MOVE TO SAVE JERSEY MURDER GENOA CONFERENCE

Shoes Furnish Parker With Clue to Slaying of Taxi-cab Driver

TRACE FOX'S MOVEMENTS

Two soldiers who are absent from Camp Dix without leave, a pair of overcoats and the stories of persons who were in the vicinity the time Jonas Fox, Wrightstown taxi driver, was murdered in the woods near Hainesport, N. J., furnish clues on which Detective E. L. Parker is working.

The names of the two soldiers have not been revealed. They entered the policeman of Frank Agomani at Wrightstown last Friday. The subject of the murdered man's disappearance came up for discussion at once, according to Agomani, although the authorities had not yet been informed of it, and the two soldiers at once volunteered the information that "Fox had been arrested on a charge of being drunk and was lodged in a Philadelphia jail for ten days."

Agomani declares he has not seen the soldiers since Friday, but says that he will recognize them immediately if he ever sees them again.

Detective Parker knows who these two men are, and it is understood that photographs are being prepared for them which will be sent out all over the country.

Movements Traced Movements of Fox have been traced up to a time indicating that he was murdered Tuesday afternoon or evening of last week. Late Monday night he is known to have taken a party of soldiers from Camden to Camp Dix. Early Monday morning he deposited \$400 in a bank at Wrightstown, N. J., but, according to bank officials, retained a considerable sum "for emergency," as he expressed it.

Tuesday he left Wrightstown with three men and passed through Mount Holly about noon, where he was seen and recognized by Chief Gaskill, who waved a greeting.

Ellen, who has been seen by Parker in all Jersey towns seeking a look-out for a sedan, license number Jersey 012150. According to garage men, the engine number of Fox's car was 101377.

A new clue to the murder was given yesterday by Jacob Ewald, who lives in Oakdale, about a mile west of Mount Holly.

Ewald says he was coming home about 2 o'clock in the morning one day last week—he believes it was Wednesday after a night fishing trip. He was walking through a field near Hainesport, two miles from Mount Holly, when he noticed two automobiles without lights.

The first car was a large machine and contained only the driver. The other was a small touring car in which were four men. One of these was on the rear seat and appeared to be quarreling. As Ewald watched he saw the chauffeur lean back and strike the man in the middle just as those on either side seized him.

A scuffle in the tonneau followed, and then one of the men who had seized the man in the middle struck him again, saying, "Take that, you scoundrel."

Ewald then heard a groan. The car stopped and the other occupants examined the man who had been struck.

"This is a hell of a note," one of them said.

The small machine then sped away toward Hainesport.

Seattle Bridgman Elmsler and a youth of Hainesport, N. J., called at Parker's office and told him they had been in the vicinity of the place where Fox's body was found on Tuesday or Wednesday, when Fox's disappearance was first noted.

While walking in the woods near the Geall sandpit, they said, their attention was attracted to a small touring car parked on a road leading to the sandpit. A man seated in it was watching them intently, and they turned their steps toward the forks of Banocoas Creek, returning to their quarters of an hour later to find the car still there, but no one in it.

ENGLAND FREES VIRGINIAN SERVING LIFE SENTENCE

Convict Liberated Through U. S. Consul's and Lady Astor's Efforts Southampton, Eng., May 9.—(By A. P.)—Charles Smith, of Virginia, who was sentenced to penal servitude for life in July, 1907, for the shooting of Edward Guerrin, was released today from the Dartmoor jail. He will sail for the United States on the steamship Majestic under a deportation order issued by the home secretary. His liberation after serving fifteen years was due to the efforts of John Savage, American Consul, and Lady Astor.

When Smith was sentenced, May 1907, he was also convicted and sentenced to fifteen years' penal servitude. Smith and Guerrin quarreled over "Chicago May" whom Guerrin had brought to London from the island. They went to France and robbed the American Express Company in Paris for which Guerrin was sentenced to life imprisonment at Devil's Island. "Chicago May" was sentenced to three years' imprisonment at the expiration of which she returned to London. Guerrin, after four years at Devil's Island, escaped and returned to London, where he was again arrested.

After Guerrin's release from prison he and Smith met and the latter shot Guerrin through the foot, necessitating his spending eight days in a hospital.

WU'S LIEUTENANT WINS FIGHT IN HONAN PROVINCE

China Hails Business to Observe "National Disgrace Day" Hankow, China, May 9.—(By A. P.)—General Feng-Yu Siang, the Christian general, who was one of General Wu Pei Fu's main supporters in the fighting that resulted in the defeat of Chang Tso-lin, is reported to have defeated the troops of the province of Honan at Chungmowhsien, in the central part of the province, and in the marching toward Kaifeng, in the northern section.

Amoy, China, May 9.—(By A. P.)—"National Disgrace Day" was observed today as a mark of protest against Japan's "twenty-one demands" in China, made in 1915. All places of business and amusement were closed, the schools, guilds, clubs and other organizations uniting in an immense parade and demonstration.

FIRE FIRES THREATENING N. J. VILLAGES CONTROLLED

Mizpah, Weymouth and Pancoast Mills Guard Against New Blaze

Mays Landing, N. J., May 9.—Forest fires that last night threatened the villages of Pancoast Mills, Mizpah and Weymouth, were under control last night and today the fires are virtually out. They are being carefully watched for fear of another outbreak. The three Atlantic County villages were in dire distress yesterday, as the flames crept nearer, and residents moved their household goods from their homes. Volunteers flocked to the dangerous points from the surrounding country, and section hands of the railroad were sent in to aid. The flames may break out again at any moment, and a careful lookout is being kept at the danger points.

Atlantic City, May 9.—After an all-night battle a forest fire, which has been burning back of Atlantic City since 10 o'clock yesterday morning, was brought under control about 11 o'clock today. The conflagration burned an area of some seven miles.

Fire Warden William Hauenstein directed nearly three hundred volunteers in the fight. Scores of farmhouses were in the path of the flames, but the majority were surrounded by small clumps of trees which the blaze skirted. Fire slacks occupied by colored families northeast of Absecon were burned.

WAR ROMANCE HELD UP

Belgian Nurse, Fiances of French Veteran, Refused Admission to U. S.

New York, May 9.—(By A. P.)—In a hospital on the western front in 1914, Lauree Galle, Red Cross nurse of Belgium, confessed her love for Camille Asp, a wounded soldier of France, and promised to be his bride. They planned to wed when his wounds were healed.

When Camille returned to the front during the war, Lauree was sent to Lille. Later, when the Germans occupied that town, she aided two French officers to escape and was held by them as a spy. She was sentenced to death but was given a long respite during which the armistice was signed.

Camille thought her dead and came to the United States. He was sent to Uruguay to represent an export firm, while Lauree learned that Lauree was alive. He communicated with her and they were told that the latter required a three months' residence of both parties to a marriage and decided to come to the United States.

When their ship docked Camille was informed that the immigration quota for Belgium was exhausted and his sweetheart could not be admitted. So he went with her to Ellis Island.

They hope—and the Belgian authorities here have been asked to aid them—that they will be permitted to come ashore just long enough to be married in church.

WOOD'S DECISION SOON

U. of P. Heads Expect Answer Today From President-Elect

Manila, May 9.—(By A. P.)—Governor General Leonard Wood is expected to return today from his tour of the island of Luzon, when he probably will make known his intentions regarding the length of his stay in the Philippines. It is known he is anxious to complete the program outlined when he assumed office, but he has expressed doubt about being able to accomplish it by September, when the Board of Trustees of the University of Pennsylvania expected he would assume the presidency of the institution.

The delay in General Wood's departure has been attributed to the belated start on his legislative program.

It is understood the Governor General expects to call an extra session of the Legislature to pass certain legislation which he deems urgent. It is said the Legislature will be unable to meet before August.

PROF. HARLEY'S WILL GIVES ONLY \$1 TO DAUGHTER

Her Marriage to Foreigner Resented by Girard College Educator

Norristown, Pa., May 9.—Prof. John K. Harley, widely known educator, who was a teacher in Girard College, and lived in Trappe, in his will, probated today, cuts off his daughter, Edith, with only \$1 of his \$10,000 estate. In the will he said he was conscientiously compelled to do this because of the daughter's "exceedingly foolish and disgraceful marriage" in Atlantic City to a foreigner against the wishes of all her family.

Prof. Harley provides for education of deserving boys and girls by setting aside a part of his estate for prizes for award at the normal school of the second district of Pennsylvania and the Trappe public school.

The will asks that his funeral be simple, saying he despised any show or extravagance or undue formality. He names three clergymen to officiate and stipulates interment in the works of the Mononette Meeting House graveyard. His widow is to receive the income of the residue of his estate for life or until she remarries. In either event his son, Curtis Allen, and his graduate from the University of Pennsylvania in 1897. He was a member of Battery A, Troop A, Veteran Corps of the Spanish-American War, having served in the United States Army for a time. At the conclusion of the war he again took up civil engineering and supervised railway and hydro-electric power-plant construction throughout the United States and Mexico. During the World War he was connected with the Bethlehem Shipbuilding Corporation.

Mr. Allen is survived by his wife, Helene Harbutt Allen. Funeral services will be held at Westport Wednesday, and burial will be in Willowbrook Cemetery, that city.

PHILADELPHIA DRUGGISTS INTRODUCE NEW TYPE OF SKIN CREAM

Made of Oil of Cloves Nearly Everybody in Baltimore Is Using It.

Imagine the soothing comfort that a cream made of Oil of Cloves—the renowned "oil of cloves"—can bring to only dry, itchy, scaly, or irritated or inflamed skin.

It remained for a Baltimore druggist to discover a way to put this great soothe into a snowy white greaseless cream.

This cream, called Noxzema, is now used by nearly everybody in Baltimore in preference to greasy creams and ointments.

In order that Philadelphia people may prove to their own satisfaction what a wonderful skin soother Noxzema is, the manufacturers have arranged with Philadelphia druggists to give a 25c tube of Noxzema Skin Cream with each purchase of a 50c jar of Noxzema Greaseless Skin Cream, and to refund the money should there be dissatisfaction with the results.

Get this combination from your druggist or send this clipping with ten cents (cost of mailing) to the Noxzema Chemical Company, Baltimore, Md., for a sample tube of soap and a large demonstration jar of the cream.—Adv.
